

WHO IS COOPER RIEGER?

Country music has been part of my life for as long as I can remember. I grew up surrounded by the sounds, stories, and spirit of Australian country music, in a family where live shows, songwriting, and life on the road were just part of everyday life. As the son of Chris Rieger and growing up around iconic Australian country band Simply Bushed, I was lucky enough to experience the energy of live music from a young age – from backstage moments and festival crowds to watching great musicians connect with audiences night after night.
